Tour to Jim's Cars

The Tour to Jim's Cars Has been changed to

Sunday, September 27, 2020

Departing from Hoss's Restaurant in South Greensburg at 12:00 noon

Jim's Cars is a private collection of about 30 pristine automobiles, gas station signs, road signs, PA license plates, scale model cars and other automotive-related items in the Greensburg area. The collection includes early turn-of-the century cars to many examples of Official Indianapolis Corvette Pace Cars and more.

Jim's was open to AACA members during our 2018 AACA Grand National Show, but only a few of you in WPR were able to visit his "Stable" (Car Showroom) because you were so busy running that event.

Although Jim is very private about the location of his showrooms, he welcomes WPR-AACA members and friends to visit his collection once again. Because of privacy about the location and content of his collection, no photos of his cars can be shown on this flyer. However, if you go back to our newsletter articles or simply click on the following links to review our tours to Dr Scott Drab's showrooms(August, 2018) http://westernparegion.org/newsletter/2018/August/page1.htm and Lenny's Classic Car Collection (May, 2019) http://westernparegion.org/newsletter/2019/May/page1.htm you will get a very good idea of just how fortunate you would be to participate in this tour, because Jim's Car Collection is every bit as amazing.

Since our 2018 Grand National Meet, Jim has not only added a few more cars to his collection, but he has also created an additional showroom by converting the basement of his "Barn" into the most incredible "Automotive Man Cave" you could possibly imagine, complete with several early 1900's automobiles; a cozy seating area; a great display of car models in oak and glass cases; additional automotive signs and memorabilia; a beautiful bar and a restroom.

We plan to leave Hoss's in South Greensburg at 12:00 noon Sunday September 27th with a drive through the country to arrive at Jim's around 1:00 p.m. where we will spend ample time viewing and learning about Jim's cars, PA license plates, signs and other memorabilia.

If you have room in the car for a folding chair bring one along in case you will want to sit while learning about the cars.

If you would like to join us, pack and bring along a picnic lunch/early dinner. We will be stopping at a pavilion at nearby Twin Lakes Park after the tour.

If you wish to attend, please email or text: Carl Erb
