A Great Day for a Car Show continued from page 1

great publicity and beautiful sunshine brought out 273 fabulous and interesting cars. Some traveled from as far away as State College, PA to attend the show.

The Region's bake sale and Chinese Auction were popular attractions as was a slot car track and model display by the Pot Belly Gang. Great food and refreshments were provided by Boy Scout Troop 405 and the Ice Creamery. There were also several auto flea market spaces along with a car corral featuring a selection of nearly a dozen vehicles for sale.

An admiring crowd moved easily through the carefully arranged autos, and the air was filled with laughter and car talk. Judging started at 1:00 p.m. and awards were presented around 4:00 p.m. See the winners list on pages 6 -7.

An event such as this takes remarkable teamwork. So thanks to all WPR members who played a part in pulling this outstanding show together. Also many thanks to our Award Sponsors for their support.

A show such as this perpetuates our automotive legacy and clearly displays our American ingenuity. It's a time to marvel at the fruits of careful design, imagination, craftsmanship, and hard work. It's an event to be proud of.

**This year's 50-50
winner was Rick Robbins
of South Greensburg
who won \$595.00**

Anyway, in case you might want to put these in your news

your help and consideration with my problem. (Pictures available
upon request.)

NEW BUSINESS

2010 Car Show Judging and new Judging Sheet:

Howard Finney

This year the Region will be using a revised judging sheet based on one used by the Shenago Valley Region AACA. Every car will go on the field with 100 points. Deductions will be made on the judging sheets as to the condition of the car per category - interior, exterior, etc. The overall process is not too different from previous years.

The judging is an overview of the components of a car. When volunteering to be a judge choose cars which you are familiar with.

All windows should be rolled up. Convertible tops should be up as well.

A fire extinguisher is MANDATORY. There will be a limited number of fire extinguishers for sale if someone wants to purchase one in order to be judged. A car cannot be judged without a fire extinguisher.

John Kuhns stressed that our standards and professionalism set our show apart from other local shows, and

are a lead-in to other AACA meets and competitions. National AACA judging is based on 400 points.

Howard welcomed any comments which might help improve the system.

Tom Ulishney expressed concern that the process not become too complicated or discouraging.

Report on Blacksburg Virginia:

Harvey Eger received a Repeat Preservation Award for his 1921 Model T Ford Roadster. Harvey also began his Team Captain Certification, serving as Team Captain of the Model A Ford judges.

Howard Finney enjoyed judging Packards, Auburns, Bentlys and Rolls Royces this year.

Touching Story Shared:

Fred Nicholls displayed an album on 1938 automobiles, which was assembled a young man as a student many years ago. The young man then went on to become a soldier during World War II and lost his life at Normandy. The album was given to Fred by the young man's mother since she knew he would appreciate it.

Program:

Cris Detwiler delivered a "Nash-tastic" presentation on his ever-growing collection of unique Nash accessories. Items included an electric gas cap, Nash vacuum cleaner and complete Nash dealer promotional items sales kit. (rulers, novelties, etc). Cris also shared items which he and Molly cleverly made themselves.

Everyone Smiles for Susan...

Photos by Susan Eger

A fine photographer can really bring out the best in people. And so it goes for Susan Eger. When asked to capture W. PA Region members doing their thing at the 2010 Paul P. Bell Memorial Car Show she cheerfully took on the task. And as you can see, when photographer Susan asks you to smile - everyone smiles for Susan!

Name That Car...

by Mark Jackson

The winner of the August Name That Car contest was Denny Blank who correctly identified a 1940 Studebaker Commander. So he gets the M&Ms.

Can you guess the make and year of August's car in the photo to the right? My grandmother, Hattie Jackson, is at the wheel. This is the only car she ever attempted to drive. I remember her saying, "It was easy..." My grandfather, Frank Jackson, took, developed and printed his own photos at a time when few people did that. This was a favorite of his, a copy of which he fondly kept in his wallet until the day he died at age 86.

The first person to contact me in person, by phone at 724-832-9074 or email, rpmguy2002@yahoo.com with the correct answer wins a box of Little Debbie Swiss Rolls.

All WPR members are invited to submit photos for Name That Car. I'm sure there are some fun, classic photos out there. All will be returned.

Come enjoy the "Greatest
Hobby in the World!"

Postcard from the Lincoln Highway

Here's an old-time postcard from one of the most beautiful drives in Westmoreland County - Route 30 through the Loyalhanna Gorge.

These nice people were taking quite the trip according to their postcard message:

"And its just as beautiful as it looks, only perhaps more so. I surely fell in love with these Penna. hills.

We are at Lebanon now visiting Walker Friend. He took us down in the mine last evening. We go to Gettysburg and Washington from here then to Philadelphia. Dad surely likes to look at the cars. Its great.

-- Reba

We've got some beautiful fall weeks coming up. Get out on the road with your classic cars and enjoy our beautiful countryside as Reba and her family did during the early days of motoring.
