Many Western PA Region AACA members had a blast showing and judging cars at 8th Annual Visitation Church Car Show on July 2nd.

## On the Cover...

Congratulations to Bob and Karla Doppelheuer for another excellent Visitation Church Car Show in Mount Pleasant. According to Bob, there were 177 cars, trucks and motorcycles. Participation was a little down from last year, but it was a beautiful day to enjoy some beautiful vehicles.

Once again, Western PA Region members had fun helping judge this show. Becky Blank even helped Bob process registrations as the entrants cruised in. The Region set up a Chance Car ticket sales booth at the show using a poster to help sell tickets since the car was on display at the Westmoreland Arts & Heritage Festival at Twin Lakes Park.

Oh yes, the food – if you haven't had one of Bob's Sloppy Joe sandwiches you're missing a culinary masterpiece. Karla and the Visitation Church volunteers also dished out all kinds of other goodies over the course of the show.

## Grand National Booklet Advertising...

*Dear Western PA Region Members,*

We will be producing a special booklet featuring helpful information and local business advertisements for the AACA Annual Grand National Meet to be held on June 2, 2018 at the University of Pittsburgh Greensburg Campus.

All Grand National Meet entries will receive this booklet. The income from the advertisements will help pay for our region's Meet hosting expenses. Prices for the various ad sizes have been approved by the Region's Meet committee. We need to approach local businesses, organizations and individuals in the next several months and present them with this unique advertising or tribute opportunity.

An informative brochure with 2018 Grand National Meet booklet ad sizes, rates and submission details will be available at the next and future monthly meetings.

We are asking everyone to take one or several copies to show friends and family who you know would be interested in promoting their businesses, or placing a welcome or tribute message in this booklet.

Remember, the 2018 Grand National Meet is expected to welcome 500 antique automobiles and over a 1,500 guests to the Southwestern Pennsylvania area for at least four days, May 30th (Thursday) – June 3rd (Sunday).

Based on our past experiences, when we attended other meets and shows we looked for restaurants, entertainment, and car parts/services in the official car meet/show booklet. These booklets will be a valuable resource for people visiting our beautiful area for the first time. It will be a great comfort to have a booklet that they can refer to for any type of service or business that they might need during their stay. The booklets are also a great collector's item.

If you are unable to attend a monthly meeting and would like us to mail or email you a Grand National Meet booklet advertising rate brochure, please contact us.

*Thank you,*

## **Dodge Brothers Presentation Highlights June Meeting**

Special thanks to Duane Anderson for his excellent and interesting presentation at the WPR June monthly meeting on the Dodge Brothers and the restoration of his 1928 Dodge Brothers Cabriolet Rumble Seat Convertible. Duane covered the history of John and Horace Dodge from their early work in machining and bicycle manufacturing to supplying transmissions, engines and parts to Ransom E. Olds and Henry Ford. The close brothers introduced their own car in 1914. Built an empire based on "dependability" to rival

Ford's. Then tragically passed away only months apart in 1920.

Duane's 1928 Dodge Brothers Cabriolet was produced the year Walter P. Chrysler purchased the Dodge Brothers Company. Duane's PowerPoint slides included the various stages of his restoration – work he did himself, and body work and painting done by Rain's Auto Body on the Mount Pleasant Road in Greensburg. Thanks also to Mark DeFloria and Mark Jackson for helping with the PowerPoint.

Second row of Nashes at the Annual Grand Nashional in the park in Manitowoc, Wisconsin

Nashes glisten in the park in Manitowoc, Wisconsin

2017 Grand Nashional Best of Show - 1934 Nash Ambassador 8

We traveled to our annual Grand Nashional meet. This year's location was in Manitowoc, WI (south of Green Bay). We hauled our 1946 Nash Slipstream to the meet. The first day of the meet we met the club at Green Bay's Lambeau field and took a self-guided tour of the facility. The field and stadium was named after Green Bay native, Earl 'Curly' Lambeau who was the founder, a star fullback, coach (31 seasons), and team vice president. The Green Bay Packers got their name from their sponsors, the Indian (Meat) Packing Company that was bought out by the Acme Packing Company. The facility has a large display of memorabilia of the team and its town's history. The team was established in 1919 and the team is credited with thirteen championships including four Super Bowls.

On the second day of our meet, we drove from our host hotel to the EAA museum in Oshkosh, WI. The EAA stands for the Experimental Aircraft Association

and hosts the annual Fly-in that is held in late July. The museum displays range from a replica of the Wright's Brothers plane to Space Ship One (a hybrid rocket) that was able to fly or rocket to an altitude of over 62 miles in 2004. The museum also included an active, grassy runway for small aircraft.

On the third day of the meet, we drove our Nash through the town of Manitowoc to the Maritime Museum. We took a guided tour of the USS Cobia, a submarine that was used during World War II. Twenty-eight submarines were built in the town of Manitowoc. In the afternoon, we had a speaker who was a maritime archaeologist specializing in shipwrecks found in Lake Michigan and she was a certified scuba diver. She gave us a video presentation of the remnants of the USS Lakeland that sank in December 1924. The ship sank with nine Nashes, seven Kissels and five Rolands (Ohio built cars). The divers noticed that the ship broke in two pieces and they

were able to film the cars still sitting on the lower decks of the ship. The theory was that the ship was in route to the Detroit Auto Show for 1925.

On the fourth day of the meet, we had the car show at a park in downtown Manitowoc. We were able to park the cars under tall trees. We had about 53 Nashes/Ramblers present on the show field. A 1934 Nash Ambassador 8 took the Best of Show award but we noticed the car was put up for sale on Ebay a few days later.

Cris acquired a 1948 Nash dash from a person selling Nash parts last year after coming back from the Grand National in Williamsport, PA. He was able to connect to an inverter so the dash lights would work for display purposes. He brought the dash to the Kick-off party and had it stored in the back of the suburban

preparing for the Nash trip. At the Nash meet, Cris sold the dash to a gentleman who had recently added a bar to an Indian Motorcycle dealership in his hometown and he named it The Nash. The owner's mom worked for Nash thus giving him the idea for the name of the drinking establishment and he plans on displaying the dash behind the bar.

Due to transmission problems with the suburban on the way to Wisconsin, we decided to leave the trailer with the Nash in Green Bay. The trailer is now sitting in a parking lot in St. Norbert's College in De Pere. We will be picking it up at the end of the month in route to our next car show in Minneapolis, MN.

Keep on Cruising,  
Cris and Molly Detwiler

## Let's Keep Being Pro Active!

By Lars Anderson  
Vice President  
Library & Research Center

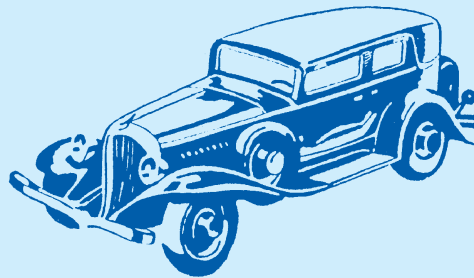

Membership numbers for 2016 are consistent with what we've experienced over the past six years. That's good, considering a larger portion of our membership is aging and leaving us each year. That means we're getting more new members than in the past, which is what the club is all about - we're a membership organization. But we are still the best kept secret in the car hobby. Ask the owner of an old original car at a local show if he knows who we are. You'll be amazed at how many don't know us or maybe they've seen AACA but can't explain what we are.

EXPOSURE is the name of our game plan. Last year the '57 Chevy cut out advertising piece was developed and introduced to you at this meeting. The idea was to place these on vehicles that would fit in our club. What a great effort that produced. Over 14,000 of them were requested by our regions. This year we're going one step further by producing a '65 Mustang, which will have space on the backside for regions to put in their information.

Other efforts to expose the club and get new members include the increased visibility of our name at the Hershey swap meet. Many of the attendees there know it only as "Hershey," unaware of Antique Automobile Club of America. New last year was the military sponsorship program. Free first year membership is available to all veterans who express an interest in old cars. Also free are membership applications given to the regions. Did you know that? Does your region make good use of them? It's important that regions use these as they result in 68% of the applicants joining us the following year.

Please take advantage of the many opportunities you have for exposing our club, and make use of the promotions national headquarters provides for you. Thank you for your unending efforts to bring the enjoyment of AACA to others. You, along with 59,856 others, are the most powerful source we have for getting the job done.

## 2017 AACA 1/2 Year Memberships Now Available for New Members

Do you have a friend who has been thinking about joining AACA? Regions & Chapters, are you trying to recruit new members for your club? This is an excellent time to encourage new people to sign up for membership. Beginning on June 1st, AACA National Headquarters will process any new 2017 membership applications as ½ year memberships. The ½ year membership includes the months June through December at a cost of only \$18.00 (\$23 for non-U.S. members). The ½ year membership gives new members an opportunity to get a taste of AACA without paying the full year membership fee. Anyone that includes the yearly payment of \$35.00 (\$45 for non-U.S. members) with their new application will be refunded \$17.00 (\$22 for non-U.S. members). ½ year members are entitled to the following benefits:

- Members receive 3 issues of Antique Automobile magazine: July/August, Sept/Oct & Nov/Dec.
- Members are eligible to join an AACA region and/or chapter.
- Members can exhibit vehicles & compete for national prizes & annual awards.
- Members receive limited free research by the AACA Library & Research Center staff.

The ½ year membership is for first-time new members only. It doesn't apply to current members that are late in paying their yearly dues or members that have left their membership lapse for a year or more and wish to reinstate their membership.

If you have any questions regarding the ½ year membership program, feel free to contact Karen White at AACA Headquarters at 717-534-1910 or [kwhite@aacaa.org](mailto:kwhite@aacaa.org).

# Name That Car

by Mark Jackson

## June's Car

I heard from a lot of members trying to identify the correct year and make of June's car. Everyone knew it was a Cadillac, but they couldn't get the exact year. Most thought it was a 1961 or 1963, but it is actually a 1962. One of the differences is that the 1961 Caddy's had rounded parking lights in the bumpers. Other than that, they were very similar. The 1963 Caddy had a very different grill and stance. Thanks to all who participated. It is always good to hear from you.

## July's Car

Let's try a tightly cropped photo for July. Be the first to correctly identify the marque and year of this car and win a box of Hostess Snowballs to help cool off those hot August days. You must be present at the August monthly meeting to get the award. Otherwise it will be eaten. Catch me in person at the July meeting, call me at 724-832-9074 or email jackson-mark469@gmail.com.

Photos by John Ross Kuhns

The Western PA Region's 2017 Chance Car

The Western PA Region's 2017 Chance Car, a 1965 Mustang Convertible, is going to be "fun in the sun!" There are plenty of cruises, car shows and festivals to take the Chance Car out and sell tickets this year. Perhaps just get permission from a busy local store or restaurant to set up and sell tickets in their parking lots.

Remember, 40 tickets sold earns a free WPR 2018 membership. Each lot of 40 tickets sold beyond that earns a \$10 voucher for WPR activities and events.

- To schedule to take the Chance Car out to sell tickets contact Mark Jackson 724-832-9074.
- The Chance Car is being stored by John and John Ross Kuhns in Latrobe. Please give 24 hours notice before picking up the Chance Car by calling 412-558-0994.
