President's Message

Hello Everyone!

It's crazy to think that in just 10 weeks our club will be hosting the AACA Grand National Meet for 2018. Time flies so fast. It's unreal to me that we have been planning this for 4 years and it's just right around the corner.

I want to thank everyone for all of their hard work and efforts that have been put forth so far, it really has made things easier to plan and hopefully will help to have the whole event run smoothly. Please remember this event will impact the whole club. It's a great reflection of us in the National spotlight, and monetarily will have a positive impact on the club moving forward. It benefits ALL of us.

Bob Doppelheuer has agreed to be our 'Man Power Chairman.' We need all the help we can get. If you haven't yet volunteered your time, or if you have friends or family members who would be willing to help please get in contact with Bob (724) 366-5930. He is composing a contact list with volunteers and phone numbers and dates and times of availability. We will need volunteers from Wednesday May 30th to Saturday June 2nd. Please don't be afraid to help.

Thank you!

John Ross Kuhns

Special thanks to WPR member Jeff Speicher (far left with cool hat) for his presentation at the February 20th Monthly Meeting on his extraordinary collection of historic Boy Scout memorabilia. All enjoyed immensely.

“Just Thinking”

by Tom Milligan

"Just Thinking," I believe that was the heading for articles Al Wirick wrote for the *Western Round-Up*, on a fairly regular basis.

Al Wirick, age 87 died Monday, February 26, 2018. He was born June 7, 1930. Al had 5 children, 16 grandchildren and 30 great grandchildren, and 2 great-great grandchildren.

He was born, and lived his whole life in the Greensburg area. Al worked in the automobile field his whole life. I remember in the early '60's, my older brother Mike and Al would buy old cars to fix up to sell.

I grew up in the same neighborhood as Al, and started elementary school with his older children, that were around my age. My memories of Al go back to that time. If we were building a treehouse, Al was there, finding old boards and nails, and whatever we needed to help us. I remember an old moped motorcycle that he was always keeping running for us to run through the fields. There was an old pair of walkie-talkies too, that he would constantly work on for us to play with.

It is with heavy hearts that we report the passing of two Western PA Region members. One was an old friend and the other was a new one. We express our deepest sympathies to their families and friends, and we are thankful for the many memorable ways these wonderful souls touched our lives.

(Editor's note: If you ever asked Al Wirick for help with anything the answer was almost always, "Why-sure...")

These are a few of my memories that go back approximately 55 years. I'm sure that a lot of you have many, more recent memories. Al was a long time member of the Western Pa Region, and a "past president" also. He always was there to help out when a volunteer was needed, whether it be to take charge of the chance car, or work on a committee.

I'm proud to have been a friend of Al's for so many years. He will be missed.

Glenda Berg enjoys playing bingo at the WPR 2016 Annual Picnic.

Glenda Berg - Goodbye to a Friend

Western PA Region member Glenda Berg passed away March 6, 2018 from complications due to a recent illness. She was 79. Glenda was introduced to the Western PA Region AACA by Al Wirick. She quickly became a friend to many and very much enjoyed the region's tours and activities. A loving mother and grandmother, Glenda also completed training in 2015 to serve as a lay minister. She is survived by her son Paul L. Berg, Jr. and wife Carol and her daughter Callie Buzard and husband Joseph and families.

We will miss Glenda's laughter and smile. She also became known at the Region for a wonderful dessert she made for the Annual Picnic - Pineapple Angle Food Cake. It was heavenly.

Vehicles that "Go To Work"

by Larry R. Huffman, *Clutch Chatter*, Tri-County AACA, Linville, Virginia (excerpt)

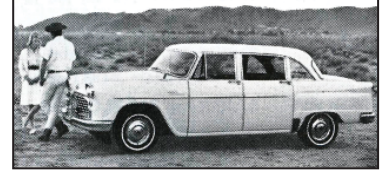

When you visit an automobile showroom, all you see are the latest, newest and fanciest models offered by the dealership. Seldom do you see the real working vehicles, the vehicles that take the bumps and bruises of a workday existence. At the show at Hershey you see primarily the fancy vehicles, the flashy convertibles and the immaculately restored "show cars". They enjoy the adulation of the crowds while their plainer sisters stay home and do all of the work. Sort of sounds like Cinderella.

Several years ago, AACA created a category (Historical Preservation of Original Features - HPOF) for these long-neglected

cars and trucks that had great historical interest, but lacked the beauty of their show field cousins.

Checker Motors produced cars for some of the toughest assignments. Not the fanciest ride, but the driver got you there safely if not in style.

AACA National Headquarters

Steve Moskowitz
Executive Director

2017 flew by like a jet fighter trying to break the sound barrier! It was a busy year for the club highlighted by the signing of a contract to purchase a new building to house the club and the library.

This was a huge decision and not made lightly but everyone is more than excited about what this building will mean to our club. You will continue to hear more about it as time goes by but please remember this project is going to need everyone's financial support.

The year also included the inaugural Zenith Award competition and it was as good as it can get. Twenty amazing restored vehicles and owners had a very memorable day. The participants, as I have noted before, were first class sportsman and the winner was a very deserving 1928 Auburn restored by Richard and Linda Harding of Ohio.

Another highlight of this past year was the first ever combined meet between the Classic Car Club of America (CCCA) and AACA. This was historical for many reasons – it was not just the club's meeting in the same location, which would have been enough alone. It was also a great collaboration from start to finish and an initiative that your club took the lead in. Given past history, it was a bold move and one that is good for the future of our hobby. It went off without a hitch and members of both clubs benefited greatly.

CCCA has their Grand Classic every other year, so in 2018 they will not be back in Auburn with us but hopefully in 2019 at our AGNM. We are however excited to host the Nash Car Club of America at the 2018 Auburn meet, which is another first! I am proud our board supports these efforts and is showing that we can bring new ideas to our membership. Look forward to even more new ground breaking items from the club in the years ahead.

Last year it was announced that the Boca Raton Concours d'Elegance in Boca Raton, Florida, was going to honor YOUR club at their event on February 23-25, 2018!

The Boca Concours is at the world famous Boca

Raton Resort and is a highly successful event benefitting the Boys & Girls Club of Broward County. AACA will have an education display of 32 cars and our 2017 Zenith Award winner in the CENTER of the show in a large circle. We will have a tent for membership as well, and Chris Ritter and I will be doing a seminar on Saturday. I am sure you have seen other concours that honored makes of cars, but another club? This is a great honor for AACA and shows that we continue to be perceived as the best of the best.

Much work was also put into some new ideas for our future. Hopefully have or will soon find out about them. They are ground breaking ideas for AACA, so they have taken a lot of time to ensure that we will be successful in those endeavors.

We look forward to a great year in 2018, a year that we need our members' support more than ever. We are providing new tools (a new region membership brochure) to help our regions/chapters grow. It is up to YOU to use them. Once again, we hope that every member tries to get us one new member in the coming year. Just one! Our best and easiest way to sign up new members is one-on-one, so please make the effort. Help us grow this great club and ensure its success for decades to come.

It is also a year that we have to implore all regions and chapters to look hard at hosting a meet or tour in 2019 or beyond. Don't stand on the sidelines and let others do all the work! Many regions and chapters tell us that they have grown their regions/chapters during the time working on a new national event and that the club bonded even more while working on the event.

Please look hard at our events and on our website at new AACA merchandise. We have many new puzzles, a very special t-shirt, new shirts, a new front pewter license plate and many clearance items. Show your support for the club!

Most importantly be ACTIVE! Try to make a national meet or tour, consider entering the AACA judging ranks, volunteer to be a leader in your region or chapter, stay politically active on those issues that affect our hobby and don't let your car(s) languish in the garage. Get out and use them as that is the single best way to enjoy this great hobby. Thank you all for your support and have a great year in 2018.

Name That Car

by Mark Jackson

January/February's Car

John Ross Kuhns was the first to correctly identify this car as a 1932 Ford. Joe Vrable and Jim Heatherington also correctly identified the car. Jim guessed why the S&H Green Stamps were on the windshield, but he did not feel that they were on the correct side.

When I was a kid, I remember people talking about some folks using S&H Green Stamps as temporary, "fake out" inspection stickers when they could not get their cars inspected. From

a distance, when the vehicle was moving, the stamps looked like an inspection sticker and could possibly prevent a pull-over by the police. However, when parked, the joke was over.

At one time Pennsylvania required two inspections per year. It took a lot of mechanical diligence to keep a vehicle in good repair. My dad did all of his own mechanical work for years. At the time, he told me that Pennsylvania required two inspections per year because of our hills and winding roads. The state wanted to be sure the brakes and all were safe. He also said that the garages and parts people made a lot of money this way. He used many pop rivets, coffee cans and gallons of Black Magic putty to get our car and truck bodies through inspection, and was forever adjusting brakes.

The only one who used S&H Green Stamps in our house was my mom, who stuck them in books to redeem for cool stuff.

March's Car

While on a recent river cruise in Florida, Roger and Jan Christiansen saw this odd watercraft cruising on by. Can you identify it and tell me it's unique capabilities and where it was made? Be the first to contact me with the correct answers and win a case of bottled water. Talk to me at the monthly meeting, call 724-832-9074 or email jacksonmark469@gmail.com You must attend the April meeting to collect the prize.

The Western PA Region's 2018 Chance Car is a 1966 Ford Mustang Coupe with a black interior, six-cylinder engine and automatic transmission. This is the region's 53rd Chance Car. This year's winner may also choose an \$8,000 cash option instead of the car.

Sheila and Joe Kurtz will be handling the signing out and returning of the tickets this year. Mark Jackson will handle the scheduling, and the car will be stored in Latrobe once again by John Ross and John Kuhns, Sr.

The winner will be taken from the first four digit PA Lottery number drawn at 7:00 p.m. on Saturday, October 27, 2018. If the winning number is not drawn on that day the ticket will continue to play each following day at 7:00 p.m. until a winner is determined.

Sheila and Joe will have tickets to sign out at the monthly meetings. Arrangements can be made to get more tickets between meetings by contacting Sheila. Mark Jackson will

also have a limited supply of tickets available in Greensburg.

Please turn in all ticket stubs in numerical order. Please turn in ticket money using a personal check made payable to Western PA Region AACA. The Western PA Region directors ask that all Chance Car tickets, sold and unsold, be returned to Sheila and Joe Kurtz by the October monthly meeting on October 16, 2018.

Please give John Ross Kuhns 24 hours notice to arrange to take out the Chance Car to sell tickets. Please also be sure to fill the gas tank after taking the car out and keep the car as clean as possible. Expenses for Chance Car gas and event entry fees will be reimbursed. Save your receipts and turn them in to WPR Treasurer Mark Jackson.

As in previous years, sell 40 tickets and earn a free 2019 Western PA Region membership. For every 40 tickets sold beyond the first 40, earn a voucher good towards any Western PA Region event or apparel.
