Membership Information

Do you like old cars? We at the Western PA Region of the Antique Automobile Club of America are excited to share our fun and exciting activities, events and resources.

You don't have to own an antique automobile to become a member, However, you must first join our national club, The Antique Automobile Club of America (AACA) before joining our Region. For national membership information and to join online visit: www.aaca.org AACA is the largest and oldest antique automobile club in the world and offers a wide variety of resources, and activities. All national members also receive the beautiful *Antique Automobile Magazine*.

For a Western PA Region AACA new membership application visit: http://westernparegion.org/membership/wpr_application.html

New members must attend a Western PA Region monthly meeting to be voted in and welcomed. Our monthly meetings are held on the third Tuesday of every month except December and January. We are a Latrobe-based club.

Upon receipt of your membership application, our Membership Chairman will contact you to schedule a convenient monthly meeting for you to attend. Our monthly meetings take place at several venues in the Latrobe and Greensburg, PA area.

To learn more about our club and activities visit our website: www.westernparegion.org

Please also feel free to contact any of the directors above with questions about memberships.

Saturday, July 10

**A brief Western PA Region business
meeting will precede the picnic.**

Tuesday, August 17
Western PA Region Monthly Meeting
Location and time to be announced.

Sunday, September 5
Western PA Region Car Show/Cruise
Legion Keener Park, Latrobe
9:00 a.m. to 4:00 p.m.
The Car Show is back after a 2020
pandemic hiatus, but it will be differ-
ent this year. In consideration of time,
finances, the unpredictable nature of
the pandemic, and other logistics - the
WPR directors have chosen to have a
non-judged car show this year. It will be
more like a traditional cruise. However,
we will have a special display of AACA
Senior Award cars with educational
signs on the criteria of AACA Senior
Awards and what makes them special.
**We hope to return to a judged show
in 2022.**

**A Car Show/Cruise Planning Meeting
will be announced soon. Please watch
your emails.**

Sunday, August 15

50's Fest
Downtown Waynesburg, PA 15370
10:00 a.m. to 4:00 p.m.

The Scan Tool Scholarship Comes Home!

by Mark Jackson

Presenting the Western PA Region AACA 2021 Scan Tool Scholarship to Hempfield High School graduating Senior Levi Garris at the Central Westmoreland Career and Technology Center in New Stanton, (l-r) Automotive Technology teacher Mr. Pegg, 2021 Scan Tool Scholarship winner Levi Garris and Western PA Region Scholarship Committee representative Mark Jackson

We have a 2021 Scan Tool Scholarship winner from the Central Westmoreland Career and Technology Center (CWCTC) in New Stanton. But there's an unexpected and wonderful twist to the story this time.

Each year when I contact CWCTC Guidance Counselor Mr. Hayes about the Western PA Region Scan Tool Scholarship I ask him to ask the Automotive Technology instructors to select a graduating senior who they feel is worthy of the award. When I was growing up I had many teachers in my family including my mom. So I learned to trust the judgment of a good teacher. They tend to know their students well.

Due to the pandemic in 2020, although we had a Scholarship winner, I was not able to present the award in person at the school. We shipped it to CWCTC and they somehow got it to the graduating senior.

This year CWCTC invited me to present the award in person once again. They were not having the same kind of presentation they had in the past, which was attended by a large number of businesses and organizations presenting various awards and scholarships to graduating seniors in an assembly-type atmosphere. This year's presentation

was much more informal involving only the teacher, scholarship winner and me with the help of the guidance counselors.

I was asked to come to the school around noon on Monday, May 17th to make the presentation. When I arrived at CWCTC the check-in guard said that they were expecting me, and directed me to the Automotive Technology Center. There I met with the Automotive Technology teacher Mr. Pegg, who has been very supportive and appreciative of our Scan Tool Scholarship program over the years. He told me that they had chosen a fine graduating Senior from Hempfield High School for this year's Scholarship. The young man was working in the shop when Mr. Pegg called him over. Until this point the young man was unaware that he was a scholarship winner or that anything special was about to happen. Mr. Pegg then introduced me to graduating senior Levi Garris and explained to Levi that he was the 2021 winner of the Western PA Region AACA Scan Tool Scholarship, which I was going to present to him. I shook hands with Levi and we all walked outside into the daylight by the garage doors. Guidance counselors Mr. Hayes and Mr. Elder then joined us along with a school student photographer. I could see that Levi was surprised and happy.

After the photo sessions I asked Levi for his contact information for the AACA and Western PA Region memberships that are part of the Scholarship award. His address sounded a bit familiar. Then Levi told me, “My Pap has antique cars, a 1935 Ford and a Thunderbird!” I asked him, “Is your Pap Bill Holtzer?” Levi replied, “Yes!” I could feel myself smiling from ear to ear as I said, “Bill is a great friend of mine and has been a wonderful member of our region for many years! Welcome to the club!” We all were delighted and surprised at this amazing coincidence. There is no way that any of the CWCTC teachers or guidance counselors could have known that Levi’s Pap, Bill Holtzer,

was a long time member of the Western PA Region AACA. We all acknowledged that sometimes good things come around!

Congratulations Levi. We all wish you the very best in pursuing your Automotive career. Levi is currently working at the C. Harper Commercial Truck Center in Belle Vernon. Mr. Pegg told me that “Levi likes to work on the big stuff.” Levi, we hope you will accompany your Pap to many of our fun and interesting Western PA Region events and tours in the future. We’re a great bunch of friends and we love all kinds of interesting cars, trucks and motorcycles.

Western PA Region AACA members relax in the comfortable seats of Diamond Theater of Ligonier getting ready for a great “car movie” with popcorn and drinks close at hand.

May Meeting & a Movie at the Diamond Theatre of Ligonier was a “Gumball Rally” of Fun!

Western PA Region members experienced a different kind of meeting venue on Saturday, June 5th. Thanks to a creative suggestion and arrangements made by John Ross Kuhns, over 36 members were able to enjoy a May Region Meeting followed by Fox’s Pizza, popcorn, drinks and a movie on the big screen at the Diamond Theatre of Ligonier. Although many members had been vaccinated, there was plenty of room for social distancing in the comfortable theatre.

After the Pledge of Allegiance, President Bob Doppelheuer conducted the meeting at the front of the theatre by the stage. This was our first Regular Meeting of 2021, and the hospitality of Theatre owner Matt and his family helped make for a unique and successful event.

After the meeting the pizza was delivered and the

movie started shortly thereafter. President Doppelheuer selected one of his favorite movies, the 1976 comedy, “The Gumball Rally” about an illicit race across the USA from New York to San Diego, California. According to Bob, “The cars are the stars of this movie.” This film was made at a time way before computer generated special effects. So there was some fantastic stunt driving of actual high power cars like a real 427 Cobra, 1974 Ferrari Daytona, 1970 Camaro Z28, 1974 Porsche 911 Targa and 1971 Dodge Polara 440. All enjoyed this nostalgic romp with its comic slapstick and sight gags. According to Bob, “Everyone was laughing when they should have been laughing.”

We hope we can do another Meeting & a Movie at the Diamond Theater of Ligonier in the future.

Souvenirs of Appreciation Presented to Al of Al's Cars for a Fabulous 2020 Tour

Western PA Region Tour Chairman Carl Erb recently caught up with Al of Al's Cars near Pittsburgh to present him with some souvenir items to help express our appreciation for his hospitality in opening his fabulous car collection up for our region to enjoy visiting in 2020. Al was presented with a laminated and mounted group photo of the tour participants standing with him in front of his garage, complete with the

WPR logo and a friendly message of thanks. The photo is ready for hanging and Al is looking for a spot on his "photo wall" for it. Carl also gave Al some printed copies of our September 2020 *Western Round-Up* newsletter, which features photos from our Region's visit on the cover, as well as an article by Carl accompanied with more photos of Al's amazing cars.

The Road Less Traveled By

by Guy Davis

A 1946 Chevrolet flatbed truck hauling a giant potato and marks the location of the Spud Drive-In Theatre near Driggs, Idaho.

No other state in the nation produces more potatoes than Idaho. Though its fertile soil is also ideal for growing wheat, hay, sugar beets and barely, it is best known for its abundance of spuds. This past May, my daughter Kaitlyn and I were traveling on Highway 33 just outside the town of Driggs, Idaho (population 1,805) when we noticed a once popular, but now nostalgic piece of Americana: a drive-in movie theater. This was no typical drive-in theater however. Its owner obviously wanted to capitalize on the fame of Idaho's potato crop as he named his establishment The Spud Drive-In Theater and decorated it with a number of props which resembled the

popular tuber.

According to a date on the back of the large screen, the theater opened in 1953. Between the screen and the highway sat a red 1946 Chevrolet flatbed truck with a large man-made potato resting on the bed of the truck. Inside the cab sat two lifelike potatoes, and on a bench near the exit of the theater sat another life-size spud. Stepping over the broken down fence which once surrounded the grounds of the theater, one could view the projection building which also served as the food and refreshment facility.

As I studied the deserted grassy expanse which stretched

This side view of the '46 Chevrolet flatbed truck helps show the astounding size of its man-made spud cargo

In the cab of "Old Murphy" a potato driver and passenger keep their "eyes" on the road.

IDAHO DRIVE-IN FEATURES A POTATO THEME

The big Spud Drive-In Theatre projection screen

My daughter Kaitlyn and a potato friend

out from the base of the movie screen to beyond the projection building, my thoughts drifted to a time when the Spud Drive-In Theater was at the height of its popularity. I imagined a cool Idaho summer evening when Mr. and Mrs. Potato Head rounded up their large family of little spuds, put them in the back of the family pick up truck and headed to the drive-in to watch the latest flick. Perhaps the comedy film “Hot Potato” featuring Ray Winstone and Jack Huston was showing or maybe the Disney film “Toy Story” in which Mr. and Mrs. Potato Head had prominent roles. While they enjoyed the evening, the Potato

family no doubt consumed many french fries and potato chips. If the family decided to take in the double-feature, perhaps Mrs. Potato Head would have packed a food basket of potato soup, potato salad and potatoes au gratin. Hopefully, the little spuds would behave themselves and avoid arguments and fights or else we might end up with a few mashed potatoes. At the conclusion of the picture show, Mr. and Mrs. Potato Head would have taken all their little spuds home, and tucked them securely in their vegetable beds for a quiet nights rest. One never knows what one might encounter on the road less traveled by.

The Spud Drive-In Theatre projection building and concession stand with snow capped mountains in the background

Name That Car

by Mark Jackson

May's Car

Gary Wiegand was the first to correctly identify May's car as a 1966 Pontiac Bonneville Convertible, Bill Maurer, and Tom King also contacted me about the Pontiac.

This stunning convertible was parked on a side street at the Downtown Irwin Car Cruise in April. That cruise was packed with phenomenal cars and trucks. I posted several photos on my Facebook page from the Irwin Cruise and this one got a lot of attention.

When I see certain cars I am reminded of my family members who owned them. If a million dollars fell from the heavens into my arms I think I would try to build a collection of cars based on the cars I remember my Uncles owning when I was a kid. When we were visiting our Grandparents and saw a certain car in the driveway when we pulled in, my sister and I knew which cousins were also visiting and who we could have fun with. That was also true at home. When a white 1959 Rambler Station Wagon pulled in our driveway, we knew it was Uncle Frank Jackson. But when a 1966 Pontiac pulled into our driveway we knew it was my mom's youngest brother, my Uncle Bob Stoner.

Uncle Bob had several Pontiacs. I remember a white 1956 and a copper 1959 with a huge rear windshield. Then I remember when he purchased a bright, metallic blue 1966 Pontiac Bonneville four-door sedan, brand new for his young family. I always liked the look of that car. It had a friendly face and Bob was a friendly guy. He lived only a few blocks from us in the West Point development near Greensburg. His father-in-law was an expert body repair man, so Bob had that 1966 Pontiac for many, many years, and it always looked good.

He was the kind of guy who always liked to be physically busy. Once he even called my mom and asked her, "Jane, do you mind if I come up and cut your grass?" He always had to be doing something to help someone – family and friends, Lions Club, Hempfield School Board and on and on. So when I saw that 1966 Pontiac, warm memories of my Uncle Bob filled my heart.

June's Car

Here's another interesting vehicle from the Irwin Car Cruise this past April. Since it's a bit modified, I'm not asking for the year of this car. However, can you tell me the make and the name the manufacturer gave it? Be the first to correctly identify this car and win a \$15 Sheetz gift card. Call 724-832-9074 and leave a message or email me at jacksonmark469@gmail.com.

THE WESTERN ROUND-UP

The Western Round-Up is the official publication of the Western Pennsylvania Region of the Antique Automobile Club of America. It is published on a monthly basis with January/February being a combined issue.

Each issue is also posted on the Region's website: www.westernparegion.org. Members may choose to receive this newsletter by email or a mailed hard copy at an additional cost.

Submission deadlines are the first day of each month for possible publication in that month's edition.

Any items contained herein may be reproduced if proper credit is given. All articles are edited for length, grammar, accuracy and composition. They will be used at the discretion of the editor and Region officials. Please advise the editor of any and all needed corrections.

DRIVING TOUR TO

Dave & Karen's Car Showroom

North of Cranberry, PA

..... Sunday, July 11, 2021

Departing: 9:30 a.m.

Meeting Location: King's Family Restaurant parking lot, 200 Sheffield Lane, Delmont, PA 15626
This King's closed. If the parking lot is not available we will meet in the parking lot behind the Subway store across the street.

Dave's Cars is a very eclectic private collection of about 40 automobiles and other forms of transportation, from pre-1900 to relatively modern day. He has several post WWII European 3 wheelers to a 1920's firetruck, a custom made early 1900's furniture delivery truck for a New York City department store and more early 1900's concours examples of early transportation whose names I can't even remember. He has Rolls, Bentley's and Mercedes, a New York taxicab and even Franklin Roosevelt's custom-made handicap scooter that he used only in the White House. He also has all kinds of automotive memorabilia including visible gas pumps and a collection of early license plates. The one vehicle that might have amazed me the most is the "Glenmore" which looks like a carriage to be pulled by horse, but is actually a motorized, chauffeur driven vehicle. Dave has more AACA, CCCA and local and other car show

Showroom Time: 12:00 Noon - 2:00 p.m

Late Lunch: 2:30 p.m. *Brown's Country Kitchen, Portersville, PA*
Choose from two meal selections. Prior to the tour date an email will be sent to those signed up requesting your meal selection(s)

trophies and plaques than you could possibly imagine along with a Michelin Collection, antique oil cans etc. You just need to come on the tour to see for yourself. If you have not already signed up for the tour, please email or text Carl Erb as soon as possible so he can get a head count for the tour and for the dinner selection.

- WPR visited Dave's Showroom in 2009, but he has been continually "wheeling and dealing" since them so there is probably a lot you have not seen. Come along with our happy group!
- There is no restroom in Dave's showroom, so we will be stopping on the way at a Speedway service station just a short distance from Dave's. There is a restroom at Dave and Karen's house if needed.
